

INVZBL® B3 & Z13

UV-C Device Disinfection Cabinets

Proven & Tested UV-C Disinfection

INVZBL products are the most independently tested on the market, proven to safely disinfect 99.99% of bacteria, fungi and viruses in just 3 minutes. UV-C lighting is chemical-free and toxin-free, delivering the most powerful, cost-effective, and safest disinfection.

INVZBL B3 & Z13 Disinfection Cabinets

Choose from our high-capacity Z13 or our compact B3 cabinet. Both feature a 3-minute cycle time for fast disinfection of high-touch items, such as tablets, smart-phones, art supplies and more. INVZBL disinfection cabinets are designed and manufactured in the United States.

INVZBL Protect Express powered by FedEx®

Don't want to manage disinfection yourself or need fast and affordable repair, cleaning, and disinfection of devices? INVZBL Protect Express combines FedEx's world-class logistics and repair capabilities with INVZBL's UV-C high-capacity disinfection cabinets.
